

Our focus

In 2011, based on a concept developed by CSF, which has been of BIC study in Madagascar since 2008.

Our facts and figures:

The trainings offered are structured as short courses that can be attended by people who are already working.

- 1,300 young entrepreneurs, including:
- 800 practicing entrepreneurs (supported by advisory and information services);
- 500 new entrepreneurs (supported by training on business plan development, assistance in grant applications);
- 20 youth groups will be formed and trained to function as informal saving and credit associations.

Our activities:

- **Training** on: business management, business plan development, provision of small loans;
- **Mentorship**, with personalized information and support;
- **Support** to savings groups and facilitation of access to credit;
- **Sector Meetings** (bringing together different stakeholders) to encourage information and exchange.

Geographical areas:

-

Mudug: Galkayo South;

- Galgaduud: Dhusamareeb, Guriceel, Cadado.
